PAYMENT: All fees are **due at the time of service**. To minimize the administrative costs effect on medical fees, we do not have a billing system. If the Doctor recommends procedures or medications for your pet that you **can NOT afford** today, please discuss this with the doctor to customize a plan for your situation and still ensure your pet gets treatment. We do accept care credit and all major credit cards.

HOSPITAL HOURS: Our office hours are by appointments Monday through Saturday (other than medical emergencies). We value and respect your time and will do our best to see you at the time of your scheduled appointment. Please excuse any delays due to medical emergencies, as we strive to still give your pet the same careful attention.

TELEPHONE CALLS: Most medical questions can often be answered by our certified technicians. In the event of needing to consult with a doctor, a message will be taken, and they will get back to you at their earliest convenience. A call back may not be the same business day so we can allow our doctors to see all of their patients on time and to be able to return your call with minimal interruptions.
